

Customizable Email: KASS Priorities

Subject line: Put Kids First in Kentucky in 2023!

Senator XXXX and/or Representative XXXX

As a parent/teacher/administrator/other and your constituent, I believe our kids are the future of our state. That's why I'm counting on you to support the priorities of Kids First Kentucky, an initiative of the Kentucky Association of School Superintendents:

- 1. Stabilize education budgets now to avert a catastrophic funding cliff for school districts.**
- 2. Recruit and retain high-quality public-school teachers and staff.**
- 3. Focus on student and staff safety and wellness.**

These issues are important to me as a Kentuckian and voter in your district. Please take action to support these measures and guarantee students and public schools come first in LOCATION.

Sincerely,

Name

Proud [teacher/parent/administrator/other]

CITY, Kentucky
